

Russia and the Baltics Jewish heritage tour

A full-guided Russia and the Baltics Jewish heritage tour represents you the best of Lithuania, Latvia, Estonia, Moscow, and St. Petersburg. You will learn about the history, heritage, and culture of these cities.

Baltic tour itinerary emphasis would be on the Jewish heritage travel. For many western Jews, these countries are the homeland of their ancestors, who left for the new world some 120 years ago. Here was a world of famous rabbis, excellent schools, cultural leaders, and political movements.

Cruise to Russia and Baltics is very popular. We want to emphasize that the land tour gives you a much more in-depth discovery. Lithuania, for example, cannot be visited appropriately from a cruise, as most highlights and landmarks are far from the seaport.
